

Microsoft Copilot Studio

Today's workforce is increasingly overwhelmed in a fast-paced and demanding digital landscape. Many employees are already turning to personal AI tools for help, which puts company data at risk. And with adoption of digital customer experience channels at an all time high, customers are now expecting personalised, timely resolution for more complex needs. But businesses are facing talent shortages.

With Microsoft Copilot Studio:

- **Solve business challenges** with intelligent AI assistants that can dynamically query business knowledge and complete workflows
- **Drive productivity** by reducing manual processes, allowing employees more time to focus on high-value initiatives
- **Reduce overhead costs, risks and time to value** by empowering makers to quickly develop scalable, secure solutions

Copilot Studio Value Discovery

A three-phase engagement that provides an overview of the **Art of the Possible**, an overview of key concepts, and building **next-Generation AI capabilities** using Microsoft Copilot Studio.

Who should attend

- IT Executives (CIO/CTO/CSO)
- Digital Transformation & Innovation Leaders
- Applications & Automation Technologists
- Line of Business Leaders (HR, Ops, Finance)
- IT Pros & Decision Influencers

What you can expect

Alignment on the potential for **extending** Copilot or **building** your own Copilots in your organisation

A **prioritised list of business initiatives** that can be targeted for enabling the Microsoft Copilot Studio

Recommendations for **objectives** and **target results** and next steps
